2017-2018

THE COOPERATIVE NURSING PROGRAM

Trinitas School of Nursing, Elizabeth, New Jersey and Union County College, Cranford, New Jersey conduct a Cooperative Nursing Program.

The Cooperative Nursing Program awards a Diploma in Nursing from Trinitas School of Nursing and an Associate in Science Degree from Union County College upon successful completion of the curriculum.

Fully accredited by the New Jersey State Board of Nursing and the Accreditation Commission for Education in Nursing, the program offers a basic course of study in nursing. It provides a sound theoretical base of knowledge in nursing, biological, behavioral and sociological sciences, and integrates this knowledge into academic and practical experiences within the health and illness continuum of client care. Utilization of a variety of health care agencies facilitates the application of all aspects of the students' learning.

Students earn a total of 75 credits in the Cooperative Nursing Program. Upon graduation, students are eligible to sit for the National Council Licensing Examination (NCLEX) for Registered Nurse Licensure.

A negative criminal history background check and a negative drug screen are required by the School for matriculation into clinical nursing courses starting with NURE 131 or 212. A criminal background check is also required upon application for RN Licensure.

Science and liberal arts courses (general education) may be completed at the Elizabeth, Plainfield, or Cranford campus of Union County College. Nursing (NURE) courses are conducted by **Trinitas School of Nursing** on the Elizabeth Campus.

Students may be granted up to 36 college credits of advanced standing toward the Associate Degree.

CURRICULUM DESIGN

PRE-REQUISITES		CREDIT(S)
BIO 105	Anatomy & Physiology I	(4)
BIO 106	Anatomy & Physiology II	(4)
BIO 108	Microbiology	(4)
CHE 114	Organic Chemistry	(4)
ENG 101/102	English Composition	(6)
PSY 101/204	General/Life Span	(6)
