  (National Council State Licensing Examination)
Trinitas School of Nursing
Philosophy

Aligns with mission of Trinitas Health

- Provide high quality nursing education to a multi-cultural student population.

- Fortified by a culture of integrity and excellence.
Graduate an entry level nurse who can practice in a variety of health care settings.

Produce a graduate who is successful in passing the NCLEX-RN examination on the first attempt.

Engage in a contractual agreement with Union County College to offer the student a program that leads to a Diploma in Nursing and an Associate in Science degree.

Provide opportunities for seamless academic progression.
TSON School Goals

The School will:

- Utilize existing facilities, institutions, and resources while seeking out opportunities for expansion.

- Provide educational access to a diverse student population that is representative of the community.

- Collaborate with community agencies to meet identified nursing education and/or health care needs (i.e. Health Fairs, Boy Scouts, Senior Centers, and Home Care Agencies).

End of Program
Student Learning Outcomes

- **Patient Centered Care**
  Provide compassionate and coordinated patient-centered care recognizing the patient as the source of control and as a full care partner with respect to their individual preferences, values, and needs.

- **Teamwork and Collaboration**
  Function effectively within nursing and interprofessional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care.

- **Evidenced-based Practice (EBP)**
  Integrate best current practices with clinical expertise and patient/family preferences and values when making clinical decisions in the delivery of optimal health care.
End of Program
Student Learning Outcomes

• **Quality Improvement**
  Use data to monitor the outcomes of care processes and use improvement methods to design and test changes to continuously improve the quality and safety of health care systems.

• **Safety**
  Minimize risk of harm to patients and providers through both system effectiveness and individual performance.

• **Information Management**
  Use information and technology to communicate, manage knowledge, mitigate error, and support decision making.
• Understanding Time Commitment
  – Working and Nursing School
  – Consider limiting work hours while enrolled in nursing courses

• Understanding Financial Commitment

• Understanding the Standards
Understanding Standards

• Admission Standards

• Program Standards

• Accreditation Standards (curriculum, faculty, resources)

• Professional Standards
  i.e. Ethical, Professional, and Provision of Care
Understanding Standards

• Passing Standard for Courses (C+)

• Passing Standard for NCLEX-RN Exam

• Patient Care and Safety Standards
  i.e. Safety, Infection Control, Communication templates
What Defines a Nurse?

- Accountability
- Advocacy
- Veracity
- Ethical Practice
- Integrity
- Spirit of Inquiry
- Professional Identity
- Adult-learner
- Detailed
- Pride
- Decision maker
- Caring

…These are just a few!

When are classes offered?

• **Generic track**: day and evening lecture classes
  ▪ Clinical: day, evening, and weekends
  ▪ 5 semesters, no summers

• **LPN to RN track**: evening lecture classes
  ▪ Clinical: evening and weekends
  ▪ 3 semesters + summer sessions

*One program, two tracks!*
Nursing classes held in the Kellogg Building on the UCC Elizabeth campus

General education courses in all UCC campus
Where are my clinicals held?

- Trinitas Regional Medical Center
- Overlook Hospital
- Robert Wood Johnson Rahway Hospital
- Raritan Bay Medical Center
- Children’s Specialized Hospital
- Newark Beth Israel Medical Center

*Students are responsible for own transportation to and from clinical sites*
Commitment Considerations

Nursing course success requires **more time and effort** than other courses:

- 8 credit clinical courses (More prep and study time)
- Higher level of thinking required (Emphasis on application and analysis)
- Must apply knowledge to clinical situations (sciences and previous nursing courses…)
- Required Pre-class assignments (Ticket to Class)
